ESS Panel Discussion Forum on Post Singapore Budget 2018

Finance Minister Mr Heng Swee Keat will deliver Singapore's 2018 Budget Statement on 19 February. The Budget Statement spells out its objectives and allocation of funds for the coming year. In this context, much is expected to address major issues such as adjustments to tax rates, inclusive growth, uncertainties from external global environment, the population-fertility issue, tightening of the labor market, and fostering continued growth and employment for Singapore. It is with this reference scenario that the Economic Society of Singapore (ESS) is organising a post Singapore Budget 2018 panel discussion forum.

The panel speakers assembled here are distinguished in their knowledge of the Singapore economy and international economic affairs.
